

Please accept my humble obeisances. All glories to Srila Prabhupada!

I was just looking at the number of books distributed in October: 362,909 books. Then I calculated an average: more than 15,000 books were distributed daily. It's like that throughout the year. Srila Prabhupada would certainly be pleased. Physically he's been absent for forty-six years, but his books are still going out like anything. He lives in his instructions, so this book distribution is very nice. About nine million books go out annually. Now the Srila Prabhupada Marathon is upon us, and as you all know it's when more books go out than any other month. It's a blessing of Jesus Christ that our marathon takes place around Christmas, the anniversary of his birth. The ultimate blessing of Srila Prabhupada's books can sanctify all the recipients' hearts.

October was another milestone for book distribution. In the Large Temple category, Chowpatti had the largest increase: 153%, with 17,408 book points. In the Medium Temple category, Mexico City took the cake: a 227% increase, with 2,583 book points. A surprise in the Medium Temple category area was San Diego, with 8,106 book points, which made them the number one temple. In the Small Temple category, Odessa in Ukraine had the largest increase: 617%, with 1,811 book points. The Maha-small temple Brahmapur had the highest increase: 390%, with 992 book points, while Halifax was No. 1, with 1,415 book points. Nice to see the very small temples doing well in book distribution.

All glories to the sankirtan devotees!

FAIR PLAY RULES

1997 GBC Resolution #103: That the score system for the Sankirtan Newsletter is changed to include the following for individual distribution:

1. The category "Regular"

- (a) to count only literature which is actually sold for some profit (ideally double BBT price) and given into the hands of the receivers personally.
- (b) literature distributed by accepting post dated checks shall only be counted when at least the BBT price has been received.

2. The new category "Subsidized" for the following methods of distribution for individuals:

- (a) devotees working in teams of two or more and recording their group effort as one score.
- (b) subsidized books which are sold for BBT price or less.
- (c) sponsored books which are given to people who can value them (i.e. VIPs, libraries, schools, prisons, etc.).

Those individuals who are doing these types of subsidized distribution must specify it when reporting scores to the newsletter. Temple and Country scores stay the same. There is no need to report temple scores in two categories.

3. Free distribution

Free distribution by individuals and temples who give out literature free of cost shall not be counted in the newsletter (except as provided for in "Subsidized" above).

Note: Individuals distributing an unusually large number of books will automatically be put in the Special Teams Unlimited (Subsidized) category unless they explain why they belong in the Regular category.

The Regular category in the Sankirtan Newsletter is for devotees who approach people one-on-one and personally give them books, getting at least the book cost from each person.

The Team category (or Special Teams Unlimited category) is for everything else, including corporate book distribution, sponsored books, donated books, books sold below BBT cost, groups of two or more devotees, special temple programs, and devotees getting extra help in any other way which other devotees do not have equal access to and which makes it unfair to be included in the Regular category.

95% of all books must be purchased from your local BBT (2004 GBC Res #411).

Thank you for making the Sankirtan Newsletter more useful, meaningful, fair and transparent.

Interesting quote from Anuttama Dasa, Minister of Communications for ISKCON

"Lord Krishna teaches that spiritual understanding is founded upon humility. As a growing global society, humility includes ensuring transparency, accountability, and honesty are our guiding principles... Vigilance is paramount: Safeguarding a well-functioning organization hinges on maintaining effective checks and balances."
